MEMORANDUM FOR: Colonel White

SUBJECT: Preface to the Second Printing

1. Of minor import is the use of the phrase, on page 10, "department of dirty tricks" with reference to the enemy. This recalls at once such terminology by Scotty Reston, in the NEW YORK TIMES, some eleven years ago, in referring to an alleged effort by the then DDP to influence the news. The DAILY WORKER and the WORKER and other Communist Press have used it only with reference to CIA. Maybe Mr. Kent would consider changing it, since, in the US, "Department of Dirty Tricks" is associated with CIA and not with the enemy.

2. Otherwise, no comment.
